

# Arthur Web Site

## [pbskidsgo.org/arthur](http://pbskidsgo.org/arthur)

The ARTHUR Web site is a great resource for libraries. It's a safe, commercial-free, and educational destination for children at the library or at home.

Parents, teachers, and librarians can find theme-based activities and games, lesson plans, guides, and resources in the [Parents & Teachers](#) section.

Kids love the extensive collection of interactive and printable games. Take the [Site Tour](#) to find links and learning goals for each of them. The site is updated with new features on an ongoing basis, so check back often! You can also [link](#) your library's Web site to the ARTHUR Web site.

Here are just a few highlights from the site:

- \* [episode descriptions](#) for every ARTHUR show (Browse these synopses to develop ARTHUR-related story times and events.)
- \* handy [character profiles](#) (Do you know what Francine's favorite color is?)
- \* [recommended books](#) from each character
- \* tips for [putting on a play](#)
- \* links to [lesson plans](#) from our guides for childcare providers and teachers
- \* printable [bookmarks](#), [coloring sheets](#) and [character masks](#)
- \* [complete list](#) of ARTHUR books, videos, CDs, and audiocassettes
