

Shake that Shaker

1. Cut this sheet in half along the dotted line. 2. Roll the paper into a cylinder and staple the bottom end shut. Fill the shaker half full of beans, pasta, or gravel. Hold the shaker by the base (the stapled end). Pinch and staple the center of the top so that the crease goes in the opposite direction from the base. (See illustration.)
3. Finish the shaker by stapling the rest of the top shut.
