Fizzy's Lunch Lab – Summer Treatwave: Sorting, Classification, Measurement and Money

Dear Parent or Caregiver

Welcome to **PBS KIDS Summer Adventure!** This week your child will explore **Fizzy's Lunch Lab – Summer Treatwave!** He or she will learn about a variety of foods in order to make healthy choices for a delicious frozen snack. Your child will explore math topics while sorting foods, looking for ingredients, “shopping” in a virtual store, as well as measuring and mixing ingredients to make the treat. Try these ideas to extend the learning and fun at home!

Talk About It!

Talk to your child about what he or she did after camp each day. Ask what the group learned about healthy eating, and how the math they learned helped prepare them to make their healthy snack.

Try It Out!

Help your child explore math with hands-on activities you can do at home. Try:

Fizzy's Lunch Lab: Logical Lunch
<http://pbskids.org/lab/activity/fizzys-lunch-lab-2013-fresh-pick-challenge-logical-lunch/>

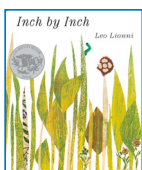

In this game, you and your child will use sorting and deductive reasoning skills to pack Henry and Avril a perfect lunch. Take turns giving and receiving clues about what you think Henry and Avril would like to eat on their picnic.

Read About It!

Visit your local library to check out books on sorting, spatial sense, measuring, and deductive reasoning. Look for:

- *Inch by Inch* by Leo Lionni
- *X Marks the Spot!* by Lucille Recht Penner
- *Counting Money!* by M.W. Penn
- *Has Anybody Lost a Glove?* by G. Francis Johnson

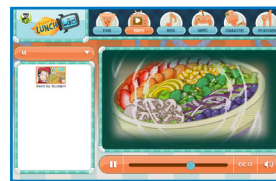

Explore Online!

Go to **PBSKIDS.org** to play math games with your child to reinforce measurement skills.

Fizzy's Lunch Lab: Supermarket Mania
<http://pbskids.org/lunchlab/games/supermarket-mania>

In this online game, you and your child will work together to help Professor Fizzy find healthy ingredients at the grocery store. Pull tickets to move around tiles in the grocery store, and play games and trivia related to food nutrition at each stop.

Fizzy's Lunch Lab: Paint by Blunders
<http://pbskids.org/lunchlab/videos/video/paint-by-blunders>

Discuss the attribute of the lunch gang's healthy food choices (colorful) and the attribute of Fast Food Freddie's unhealthy choice (not colorful) in this video. Then take it further by sorting the foods in your own cabinets by color, size, shape, or other attribute (characteristic).

Fizzy's Lunch Lab – Summer Treatwave: Sorting, Classification, Measurement and Money

Estimado Padre o Encargado

¡Bienvenido a la **PBS KIDS Summer Adventure!** Esta semana, su hijo o hija explorará el **Fizzy's Lunch Lab – Summer Treatwave!** Aprenderá sobre una variedad de alimentos y podrá tomar elecciones saludables para un delicioso tentempié congelado. Su hijo o hija explorará temas matemáticos mientras clasifica alimentos, busca ingredientes, “hace las compras” en una tienda virtual, y mide y mezcla alimentos para crear el tentempié. ¡Intente poner en práctica estas ideas para extender el aprendizaje y la diversión en casa!

¡Hable Sobre el Tema!

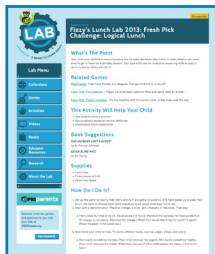

Hable cada día con su hijo o hija sobre qué hizo después del campamento. Pregunte qué aprendió el grupo acerca de la alimentación saludable, y cómo los conceptos matemáticos aprendidos son útiles para preparar un tentempié saludable.

¡Pruébelo!

Ayude a su hijo a explorar la matemática con actividades prácticas que podrá realizar en casa. Pruebe:

Fizzy's Lunch Lab: Logical Lunch
<http://pbskids.org/lab/activity/fizzys-lunch-lab-2013-fresh-pick-challenge-logical-lunch/>

En este juego, usted y su hijo o hija utilizarán sus habilidades de clasificación y de razonamiento deductivo para preparar el almuerzo perfecto para Henry y Avril. De a uno por vez, ofrezcan y reciban pistas sobre qué piensan que les gustaría comer a Henry y Avril en su picnic.

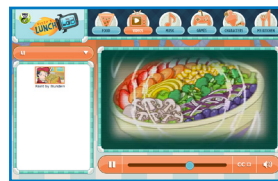

¡Explore En Línea!

Ingrese a **PBSKIDS.org** para descubrir juegos matemáticos con su hijo, reforzando así las habilidades de medición.

Fizzy's Lunch Lab: Supermarket Mania
<http://pbskids.org/lunchlab/games/supermarket-mania>

En este juego en línea, usted y su hijo trabajarán juntos para ayudar al Profesor Fizzy a encontrar ingredientes saludables en el almacén. Retire boletos para desplazarse por los mosaicos en el almacén, y juegue y responda preguntas relacionadas con la nutrición en cada parada.

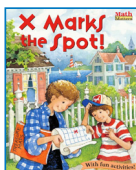

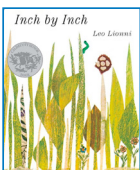

Fizzy's Lunch Lab: Paint by Blunders
<http://pbskids.org/lunchlab/videos/video/paint-by-blunders>

En este video, debata sobre los atributos de las elecciones saludables (coloridas) de la Lunch Gang y de las no saludables (no coloridas) de Fast Food Freddie. Luego, vaya un paso más allá y clasifique los alimentos en sus propias alacenas en base al color, tamaño, forma, u otros atributos (características).

¡Lea Sobre el Tema!

Visite su biblioteca local y busque algunos libros referidos a clasificación, ubicación espacial, medición de objetos y razonamiento deductivo. Busque:

- **Inch by Inch** por Leo Lionni
- **X Marks the Spot!** por Lucille Recht Penner
- **Counting Money!** por M.W. Penn
- **Has Anybody Lost a Glove?** por G. Francis Johnson
