

Hundreds Chart

This is what you will see when you open the Hundreds Chart file on the SMART® Board:

You can:

- Demonstrate counting by tens beginning with any number in the top row, illustrating the pattern created (the ones digit remains the same, the tens digit increases by one).
- Highlight numbers on the chart with a specific color by using that color SMART Board pen, or by picking up that color pen, placing it back on the tray, then touching numbers on the screen. (Remove the highlighting by touching the number again.)
- Remove all highlighting from the numbers by selecting the RESET button.
- Highlight all the multiples of a specific number by typing a number in the box next to the text "Display multiples of" and hitting return.

This is what you will see after highlighting all the numbers in the tens column.

1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16	17	18	19	20
21	22	23	24	25	26	27	28	29	30
31	32	33	34	35	36	37	38	39	40
41	42	43	44	45	46	47	48	49	50
51	52	53	54	55	56	57	58	59	60
61	62	63	64	65	66	67	68	69	70
71	72	73	74	75	76	77	78	79	80
81	82	83	84	85	86	87	88	89	90
91	92	93	94	95	96	97	98	99	100
